The Republican Club of IRC is honored to present:
President of The Global Health Project,
Dr. Kat Lindley

Dr. Kat Lindley, President and co-founder of the Global Health Project, a coalition of pro-freedom organizations, experts & advocates was one of the few courageous physicians to speak out and put her career on the line to oppose COVID vaccine mandates and lockdowns. Dr. Lindley is now sounding the alarm about the World Health Organization's attempt to usurp our national sovereignty through two new WHO treaties that Democrat President Joe Biden intends to sign and make the law of the land without submitting them to the U.S. Senate for ratification.

Dr. Kat Lindley
President & Co-Founder - Global Health Project
