Please join the Republican Club of Indian River for a dinner and presentation with the **Indian River County Mom's for Liberty** Chairwoman, **Jennifer Pippin**. Prior to 2020, Pippin was a busy wife raising two kids with her husband **Seth**. Both are medical professionals. **Pippin** is a Certified Nurse - Operating Room, RN, Radiology Technologist and also, a small business owner. She lived her life apolitical until March of 2020 when the COVID pandemic arrived. As a medical professional, **Pippin**, along with many others in her field, questioned the efficacy of advice given to the public. She worked with many in the medical field against forced vaccinations. During that time, she met **Tiffany Justice**, and later, **Tina Descovich**. **Justice** decided not to run for a second term at the IRC school board and **Descovich** would later lose her seat in Brevard. Dialogue continued and in January 2021, **Mom's for Liberty** was formed with two chapters, Brevard and Indian River County. **Pippin** was named founding chair of Indian River. Today, **Mom's for Liberty** is in 40 states with over 200 chapters and well over 100,000 members.
